

Dragon-Fly Photography Studio

Children's Fantasy Portraits

\$200.00

(\$250.00 with body paint)

Call (or email) us to set up a meeting and discuss how your little princess or superhero should be immortalized. If they already have the perfect costume, bring it along. If not, we have props in the studio that can make even a common outfit look magical, and as always, our body painter is available to lend her brush to enhance the look. Then, simply let your little one loose in front of the camera! A flexible photoshoot gives us plenty of opportunity to capture that perfect pose. Once everyone is all played out, select your five favourite images and we'll turn them into magical, fantastical portraits.

Package includes:

1 hour photoshoot

1 hour face and body painting (with the \$250.00 package)

final product: DVD with 5 images

Additional fantasy images are \$45.00 each

Storybook options are available:

ask us how to turn your child's images into a high-quality, custom designed book!
